SEE YOUR PATTERNS

Symbolic languages and vehicles for conceptualizing spiritual processes, such as Human Design, the Gene Keys, and Astrology imply **a process of unfoldment** or, as Carl Jung might have said, **individuation**. These systems are **mandalas** that “describe” the **potentials of our self-actualization process**. One definition of a mandala is “a symbol in a dream, representing the dreamer’s search for completeness and **self-unity**”. A natal map or soul blueprint is a person-centered mandala that implies individuation.

LAND AND INNER LANDSCAPE

Just as a true mandala is more than a static geometrical figure, so is your **soul** or Self. The symbols in the mandala of these systems can be known as **archetypes** (primitive/natural energies, energy signatures, and/or evolutionary forces) that operate through your **subtle bodies** and **unconscious**. These archetypes or specific consciousness can be viewed through a self-mirroring system's vehicle: The **Bodygraph** (Human Design), the **Hologenetic Profile** (the Gene Keys), + the **Natal Map** (Astrology).

HUMAN

Design

WHY HUMAN DESIGN?

Awareness of your Human Design **Bodygraph** supports you to see how your **energy and aura** communicate with your environment, shape your reality, and support the actualization of your talents, skills, and potential. Living according to your design means you can choose the road in life that is optimal **for you being the happiest, most prosperous, and successful version of yourself.** Human Design help you recognize your innate gifts and traits so you can improve life quality and be who you truly came here to be.

THE ESSENCE OF
HUMAN
DESIGN

Human Design offers you a **"user manual"** for how to navigate life authentically. It helps you to honor a more **efficient life strategy** and **effortless learning style** for thriving and expressing your life purpose. Discover your energy type, incarnation cross, profile, authority (the way you make decisions), life strategy, prime gifts, efficient digestion, ideal environment, and more. Human Design offers **a map of your unique genetic design** synthesized through the I'Ching, Astrology, the Kabbalah's Sephirot, and the Hindu Chakra System.

THE GENE

Keys

WHY THE GENE KEYS?

Awareness of your **Hologenetic Profile** and Gene Keys supports your **self-illumination** process, particularly regarding how you may best activate your prime gifts, open your heart and resolve karma, and create prosperity. This **self-realization system**, developed by Richard Rudd, encompasses a beautiful blend of genetics, quantum mechanics, personal development, myths, archetypes, and the ancient wisdom of Astrology and the I'Ching.

THE PURPOSE OF

THE GENE KEYS

Their purpose is to awaken you to your **highest potential** in life. There are **64** Gene Keys or '**universal archetypes**', and as you contemplate them--physically, emotionally and mentally--they begin to **raise your frequency** at the level of your DNA. When we begin to transcend our shadow patterns and embody the higher frequencies of predominant archetypes within, we unlock and activate these dormant codes in our personal DNA codex to **release our full creative genius** into the world.

EVOLUTIONARY

Astrology

WHY ASTROLOGY?

Awareness of your Astrological Natal Map supports your integration and embodiment of **solar consciousness:** your creative life force energy, radiance, creative expression, and **core purpose.** Receive guidance with authentic alignment with your soul's evolutionary process, spiritual essence, details of your **soul contracts,** and the higher frequencies of your soul consciousness. Hone strengths, overcome shadows, and access the potentials of your **evolutionary fulfillment + Divine destiny.**

THE LANGUAGE OF ASTROLOGY

Astrology is a language of symbols and implies a process of unfoldment or, as Carl Jung might have said, **individuation**. This "**Language of Celestial Bodies**" leads to intimate **self-knowledge** and **self-mastery**. Your natal chart is a snapshot of the sky at the exact time you were born that shows you how (signs of the Zodiac) the **archetypal forces** or raw energy (planets) of your soul dance and sing **in your subconscious psyche** and where (houses) to expect those songs to be heard.
